

Prayer Focus

December 2017

All these prayers and thoughts have been written by our own young people from Pilots in the run up to Christmas. We hope you will make them your own and that they will inspire you to pray for similar things

Remembering others at Christmas

Dear God, I pray for poor people at Christmas who do not have all the lovely things we get and enjoy. I hope poor children will get some presents to unwrap.

I pray for all those who died or were injured in disasters like hurricanes Irma and Maria. I pray for people in the Caribbean and hope they get their homes back.

Lord Jesus, I pray for everyone to be happy. By giving someone a lovely smile, you can cheer up their day.

Dear Lord, I pray that you will help my mum get better for Christmas.

Dear God, please look after all the refugees in the world, I pray for them to find a safe home in their new country.

Lord Jesus, please remember all those who are in hospital and need to be looked after. And all the doctors and nurses who have to work at Christmas to care for others.

If God could give me a 'super power' for Christmas ...

I would like to run faster than a cheetah so I could save someone in trouble.

I would have healing powers to help the sick.

I would be able to get whatever I want for free when I click my fingers because I could get lots of things for other people and not just for me.

I would ask to become a sports teacher for disabled people so they can achieve their goals.

I could become invisible and help people without them knowing, even when it is dangerous.

I would be able to cure any disease, I would heal people in a flash.

I would be able to speak any language so I could be friends with everyone.

I would have super speed to go help everyone.

Saying thank you

Lord Jesus, I thank you for my family and for the nice Christmas we will have together.

Dear God, thank you for giving me a home and a comfortable bed.

Thank you God for good health, for giving me a life that I can live.
